

Get Control with Fuse Control™

Ferraz Shawmut's Fuse Control™ program is a powerful combination of circuit protection products and services designed to help you get control of your plant inventory, operating costs, code compliance and workplace safety.

Developed by Ferraz Shawmut and refined through extensive field research, Fuse Control™ is a simple program that packs a lot of muscle. It will give you the edge you need to mitigate arc flash hazards, achieve code compliance, **reduce inventory by 25% or more** and offer the highest grade overcurrent protection available. Get Fuse Control™ and enjoy these five benefits:

- Improved Workplace Safety
- Easier Electrical Code Compliance
- Reduced Downtime Associated with Electrical Failures
- Streamline Inventory - as much as 25% or more
- Decreased Operating Costs

How can one program deliver such benefits?

It's easy! Let the fuses do the work. The key lies in consolidating your current inventory and installed overcurrent protective devices to one fuse line - Ferraz Shawmut's innovative Amp-Trap 2000® fuse family.

Order Fuse Control and receive a FREE Fuse Inventory Audit & Analysis

Take action today to get control of your inventory, contact a Ferraz Shawmut Sales Representative to initiate your Fuse Control program today. The initial storeroom audit and database analysis is very simple and will take up little of your time or resources. Also, did we mention it is free!
